

## cocktails

To celebrate the opening of our new bar, we are excited to introduce our new cocktail menu. The cocktails have been created by our head bartender, Mattia Cavola. The drinks he has created are variations on the classics that you may recognise but have been given a LOCKES twist. We have introduced some interesting new processes and some amazing new products; we are excited to see what you think.

Of course, we still offer all the classics and can make *whatever* cocktail you desire, the back bar is creaking under the weight of delectable spirits and liqueurs that the team will happily help you to navigate.
